

AquaFold Tub Door

The AquaFold Tub Door is the perfect combination of function and beauty. Unlike other tub doors, the AquaFold provides full access to the bath tub. First, the panels fold to a compact size. Then, a full length pivot allows the folded panels to swing into or out of the tub space. This practical and convenient door also delivers on style with an elegant curved silhouette. Choose the AquaFold Tub Door for a unique and modern look at an attractive price point.

Door Features:

- Unique frameless tub door with trackless system
- Bi-fold panels with glass-to-glass solid brass hinges
- 1/4" (6mm) tempered clear glass
- Chrome hardware finish
- Innovative anodized aluminum profile with full-length pivot
- 3/8" out-of-plumb adjustment
- Optional backwalls available
- Space-saving bi-fold design

Choose an AquaFold Tub Door with Extender Panel to increase splash coverage or choose an AquaFold Tub Door with Return Panel to create a bathtub enclosure.

Extender and Return Panel Features:

- 5/16" (8mm) thick tempered clear glass
- 1/4" of out-of-plumb adjustment
